# **EVALUATION OF LEARNING: Standards and Procedures** **2025 – 2026**

**A.D.S. Elementary School**  
**Preschool and Cycles 1-2-3**

Updated: September, 2025

## ***INTRODUCTION***

Standards and procedures for the evaluation of learning at A.D.S. Elementary School were proposed by a committee of teachers and approved by the school principal. Their aim is to define concrete actions in an effort to ensure that evaluation practices are consistent with the vision of evaluation adopted in the Québec Education Program. The discussions surrounding the development of these standards and procedures also led to the harmonization of evaluation practices in an effort to ensure consistency throughout the school.

## ***FIELD OF APPLICATION***

The standards and procedures in this document apply to **K4/K5 and all elementary grade levels**. They cover each of the stages in the evaluation process, namely:

1. Planning of evaluation
2. Information gathering and interpretation
3. Judgment
4. Decision/action
5. Communication of results
6. Language quality

## ***STANDARDS AND PROCEDURES COMMITTEE:***

Marie-Pier Tremblay, Teacher  
Angie Whalen, Teacher  
Andrea Lockwood, Teacher  
Sarah MacDuff, Teacher  
Tori Fournier, Teacher  
Cameron McLachlan, Teacher  
Vanessa Lodge, Teacher  
Morgan Cote, Teacher  
Dylan Smith, Teacher  
Elizabeth Viens, Teacher  
Guillaume St-Denis, Teacher  
Andréanne Richard, Teacher  
Jennifer Palik, Principal

## ***EFFECTIVE DATE***

The standards and procedures in this document are in effect as of August, 2025.

**GOVERNING BOARD**

The Governing Board was made aware of the selected standards and procedures in October, 2025.

**CHANGES**

Changes may be made to this document as new situations arise.

**SUMMARY**

The first two pages of this document represents a summary of Standards & Procedures and is provided to parents early in the year, as required by the MINISTÈRE DE L'ÉDUCATION DU QUÉBEC.

\* Term 3 will cover your child's overall learning in each subject.

\*\*Grade 6 students will write an end-of-year Ministry exam in English Language Arts and Mathematics that will count for **20%** of the **final** mark (but not considered in the results for Term 3).

The weighting of Term 3 of school end-of-year examinations will be determined by each school.

\* Term 3 will cover your child's overall learning in each subject.

\*\*Grade 6 students will write an end-of-year Ministry exam in English Language Arts and Mathematics that will count for **20%** of the **final** mark (but not considered in the results for Term 3).

The weighting of Term 3 of school end-of-year examinations will be determined by each school.

# ELEMENTARY 2025-2026

| <b>Science and Technology</b> (cycle 2 & 3)                                                           |                                                                        | Yes                                                     | Yes                                                     | Yes                                                      | No                           |

\* Term 3 will cover your child's overall learning in each subject.

\*\*Grade 6 students will write an end-of-year Ministry exam in English Language Arts and Mathematics that will count for **20%** of the **final** mark (but not considered in the results for Term 3).

The weighting of Term 3 of school end-of-year examinations will be determined by each school.

### Evaluation of Learning (by subject)

The report card includes a section for general teacher comments for each subject. The comments will describe your child's strengths, challenges and progress. The evaluation of student learning will be assessed on a regular basis, through different means such as in-class work, evaluation situations, assignments, tests, dictations, student portfolios, observations, etc.

### General Competencies

Teachers will provide comments **\*on at least two (2)** of the general competencies for your child. They will appear on the report card at the following terms:

| General Competencies        | Term 1      | Term 3      |
|-----------------------------|-------------|-------------|
| Exercises critical judgment | Cycle 3     | Cycle 3     |
| Organize his/her work       | Cycle 2     | Cycle 2     |
| Communicates effectively    | Cycle 1 & 3 | Cycle 1 & 3 |
| Works in a team             | Cycle 1 & 2 | Cycle 1 & 2 |

("Cycle \_\_\_\_" = Competencies commented on in Report Card)

*\*However, for the 2025-2026 school year, gradual-implementation procedures, which are still in effect, allow for the possibility of commenting on only one of the four competencies in the term considered to be the most appropriate.*

### **Promotion Policy**

#### As per the ETSB Policy on Student Promotion:

At ADS Elementary, students are PROMOTED to the next cycle when the following criteria are met:

- **Promoted:** Achieves a minimum of 60% in at least two core subjects (Math, English, or French) on the final report card.
- **Placed:** Scores below 60% in at least two core subjects (English Language Arts, Math, or French) on the final report card.

If promotion criteria are not met, the Principal may decide that as the best course of action, a student be PLACED in the next cycle in favour of their social and psychological wellbeing; or a student be RETAINED at the same level for an additional year.

If there are any changes made to the above evaluation and reporting information, an updated version of this document will be sent home. For any more information concerning your child's learning, please contact your child's teacher(s).

*JPalik*

School Principal

## **1. Planning of Evaluation**

|            | <b>Standards</b>                                                                                                                               |       | <b>Procedures</b>                                                                                                                                                                                                                                                                                                                                | <b>Legal Ref.</b> |
|------------|------------------------------------------------------------------------------------------------------------------------------------------------|-------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------|
| <b>1.1</b> | <b>Planning evaluation shall be consistent with the Québec Education Program (QEP).</b>                                                        | 1.1.1 | The planning of evaluation by the grade level/subject team takes into account the evaluation of knowledge, subject-specific and general competencies, the Progression of Learning and the Framework for the Evaluation of Learning as well as other ETSB projects/initiative requirements.                                                       |                   |
| <b>1.2</b> | <b>The planning of evaluation is a responsibility shared by the principal, grade level or subject-specific team and the individual teacher</b> | 1.2.1 | The grade-level/subject team prepares an overall evaluation plan. The plan includes among other things, the main subject competencies targeted for a given term, the types of evaluation activities to be carried out and when they will take place. Subject consultants from the ETSB may lend support or guidance during the planning process. | <b>1</b>          |

|     |                                                                                                                                                                                    |       |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |   |

|     |                                                                                                                                                                                    | 1.2.2 | The members of the grade-level/subject team meet at least once a month to follow up on the evaluation planning                                                                                                                                                                                                                                                                                                                                                                                                                               | 2 |
|     |                                                                                                                                                                                    | 1.2.3 | Using the subject team's overall plan, the individual teacher prepares his/her own evaluation plan.                                                                                                                                                                                                                                                                                                                                                                                                                                          |   |
| 1.3 | <b>The planning for evaluation takes into account students with special needs on IEPs (Individual Education Plans), as well as gifted students, to progress in their learning.</b> | 1.3.1 | In order to take into account the specific situation of students with IEPs, the teacher - in collaboration with other school members and/or professional involved – indicates in his or her evaluation plan any <b>adaptations</b> or <b>modifications</b> required (see definitions below)                                                                                                                                                                                                                                                  | 3 |
|     |                                                                                                                                                                                    | 1.3.2 | At least once a month, information will be provided to the parents of a minor with an IEP. This information will be communicated by the following teachers:<br>For Preschool: <b>Angie Whalen, Andrea Lockwood, Marie-Pier Tremblay</b><br>For Cycle 1: <b>Andreanne Richard, Cameron McLachlan, Sarah MacDuff, Tori Fournier, Marie-Pier Tremblay</b><br>For Cycle 2: <b>Vanessa Lodge, Morgan Cote, Andreanne Richard, Marie-Pier Tremblay</b><br>For Cycle 3: <b>Dylan Smith, Elizabeth Viens, Andreanne Richard, Marie-Pier Tremblay</b> |   |

**Adaptations** in evaluation (or support measures) involve making adjustments or changes to learning and evaluation situations without modifying what is evaluated. It can lead to a change in the way students with specific needs experience these situations or can affect the procedure to be followed or the way in which texts are presented visually (ex. Using a more spacious layout). Adaptations give students access to the adjustments or accommodations they are used to enjoying without changing the content of evaluation situations, evaluation criteria or requirements. Adaptations do not involve reducing the requirements or modifying what is evaluated. For example, in the context of a geography evaluation, allowing a student with specific needs to listen to, rather than read, the introductory text or instructions would be considered an adaptation.

**Modifications** in evaluation involve changes to learning and evaluation situations that actually modify competency evaluation criteria and requirements for students with specific needs. The level of difficulty of the evaluation situation is modified accordingly. For example, reducing the number of tasks to be performed would be a modification. Another example would be assigning a student with specific needs an easier task or a situation that is different from that assigned to the group as a whole. In the case of ministerial examinations aimed at the certification of studies, such modifications cannot be made for a student.

| 3.1 | <b>The teacher is responsible for making a judgment based on relevant, varied and sufficient information that reflects student learning.</b>                                                                                                                                             | 3.1.1<br>3.1.2<br>3.1.3 | <p>The teacher makes a judgment on the basis of the information gathered and interpreted through the use of formal tools.</p> <p>A school administration may consult with the teacher in regard to a student mark. After a discussion, there maybe a decision to revise the mark. Following this, the teacher is responsible for making agreed upon change.</p> <p>The grade-level/subject team comes to a common understanding of what is considered as <i>relevant, varied</i> and <i>sufficient</i> information of a student's learning in order to make a judgment during <u>and</u> at the end of the school year.</p>                                                                                                                                                     |            |
| 3.2 | <b>For Terms 1 and 2, the teacher makes a judgment that reflects the knowledge and competencies that a student has acquired - based on the evaluations carried out.</b>                                                                                                                  | 3.2.1                   | The teacher uses the Progression of Learning and the Framework for the Evaluation of Learning to make a judgment on student progress.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           | 4          |
| 3.3 | <b>For Term 3, the teacher makes a judgment based primarily on the evaluations of learning carried out since the end of Term 2. It may also include, where applicable, the evaluations carried out at the end of the school year that cover the entire year's work for that subject.</b> | 3.3.1<br>3.3.2          | <p>The teacher uses the Framework for the Evaluation of Learning to make a judgment on the attainment of knowledge and competencies.</p> <p>In the case of compulsory evaluations produced by MEQ or the school board, teachers will use the accompanying evaluation guides.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                | 4          |
| 3.4 | <b>General Competencies: At the end of *Terms 1 and 3, information is provided for *2 of the 4 general competencies.</b>                                                                                                                                                                 | 3.4.1                   | <p>After a consultation process with teachers involved in the learning of a student, a comment (on strengths and challenges) is entered on <b>*at least two (2)</b> the following general competencies:</p> <ul style="list-style-type: none"> <li>- Exercises critical judgment</li> <li>- Organizes his/her work</li> <li>- Communicates effectively</li> <li>- Works in a team</li> </ul> <p>The general competency selected both for *Term 1 and for Term 3 is indicated in the Summary (Page 2 of this document).</p> <p><i>*However, for the 2025-2026 school year, gradual-implementation procedures, which are still in effect, allow for the possibility of commenting on only one of the four competencies in the term considered to be the most appropriate.</i></p> | 4          |

## 4. Decision/Action

|     | Standards                                                                                                                                            |       | Procedures                                                                                                                                                                                                                           | Legal Ref. |
|-----|------------------------------------------------------------------------------------------------------------------------------------------------------|-------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------|
| 4.1 | During the school year, varied pedagogical practices are taken to support and enhance student learning.                                              | 4.1.1 | The teacher determines the type and level of support and approaches necessary to meet the specific needs of his or her students. This may involve the help of the resource teacher and/or ETSB Complementary Services Professionals. |            |
| 4.2 | At the end of <u>each</u> year, decisions are made and actions planned to ensure that the student makes a smooth transition to the next school year. | 4.2.1 | The principal and grade-level teachers set times for discussion and determine the information to be given in order to ensure student learning is followed from one year to the next.                                                 |            |
|     |                                                                                                                                                      | 4.2.2 | The teacher and resource team provide a detailed account of the learning of a student with special needs and determine the support measures needed for the following year.                                                           |            |

## 5. Communication

|     | Standards                                                                                                                                                                         |       | Procedures                                                                                                                                                                                                                                                                                                                                             | Legal Ref. |
|-----|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------|
| 5.1 | A summary of the Standards & Procedures for the evaluation of student learning is provided to parents at the beginning of the school year (see first two pages of this document)  | 5.1.1 | The principal ensures that parents are provided with information on the main types of evaluation that will be carried out and when they will take place during the school year. This summary is made available to parents by <b>the end of September.</b>                                                                                              | 5          |
| 5.2 | An informal written communication is issued to parents to inform them early in the school year of their child's learning and behavior.                                            | 5.2.1 | The school team uses (and may adapt) the <b>First Communication</b> template provided by the ETSB Pedagogical Services, and issues it to parents by <b>October 15.</b>                                                                                                                                                                                 | 6          |
|     |                                                                                                                                                                                   | 5.2.2 | This communication should be considered a means of encouraging collaboration between the school and home by providing information on how the student has started the school year in terms of learning and behavior (information on attitudes in the classroom, motivation to learn, compliance with rules and relationships with others).              |            |
|     |                                                                                                                                                                                   | 5.2.3 | Parents of students with special needs or at-risk are given information at least once a month (note in agenda, telephone call, e-mail, meeting, etc.). (See 1.3.2 for Teachers responsible for such communication)                                                                                                                                     | 7          |
| 5.3 | Three (3) MEQ Provincial Report Cards, with regulated term weightings and set timelines for distribution, are prepared and issued to students and parents during the school year. | 5.3.1 | The principal ensures that all 3 Provincial Report Cards are issued to students and parents by the following dates (as prescribed in the Basic School Regulations: Term 1: by November 20; Term 2: by March 15, Term 3: by July 10)<br><br><i>Our school board end of term dates are:</i><br><b>November 6 2025 / February 13 2025 / June 22, 2026</b> | 8          |

|            |                                                                                                                                                                                                                                                         |       |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |           |
